

UNICORN DAY 2025 Impact Beyond Borders

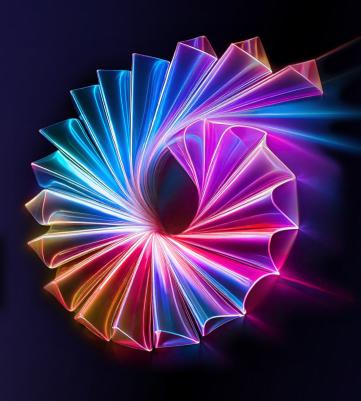

INVESTMENT PITCHING SESSION RUNDOWN

Cresento

16:42 - 16:48

iii 13 JUN 2025, FRIDAY

14:30 - 17:00

TRACK - ELECTRONICS, AI AND SMART SYSTEM (EAS)

MAIN HALL, G/F, SHAW AUDITORIUM

	MAIN HALL, G/F, SHAW AUDITORIUM
Time	Pitching Session
14:30 - 14:36	HarbourTek Limited High Energy-Efficient Edge Chip & System for Large Al Models: Empowering the Future of Embodied Al
14:36 - 14:42	Hong Kong Generative Al Research & Development Center (HKGAI) HKGAI V1 LLM: Hong Kong's First Homegrown Artificial Intelligence Large Language Model (LLM)
14:42 - 14:48	High5 Semiconductor (HK) Limited Next-Gen High-End Eco-Semiconductor Chiplets for Empowering Tomorrow's Data Centers and 6G Networks
14:48 - 14:54	Hong Kong Center for Construction Robotics (HKCRC) Layra: Al Interior Design for Modular Smart Homes: Metaheuristic-Al-Powered Space Optimization: Personalized Living Solutions within Smart Modular Designs
14:54 - 15:00	Hybay Semiconductor Low-cost High-performance Heterogeneous Wide Bandgap Power Devices: Hybrid Power: Efficient Energy for AI & Beyond
15:00 - 15:06	SCOS Ltd - SmartChip Optoelectronic Semiconductor Limited Fast and Efficient LCoS Phase Modulator Chip: Innovating Tomorrow with Fast, Efficient Phase Modulators
15:06 - 15:12	Anervoir Power Limited ZnCore28 Non-Flammable BESS: Powering Mission-Critical Data Centre With Non-Flammable Battery Energy Storage System(BESS)
15:12 - 15:18	BREAK
15:18 - 15:24	CipherInsight Limited AC-Guard: Full-Stack, Lifecycle Security Solutions for Large Language Models
15:24 - 15:30	ConfuciusAl A Network Infrastructure to Solve Contextual Non-compliance Risk of Al Agent
15:30 - 15:36	Custom Embeddings for Enterprise Intelligence Transform Enterprise Search with Al-powered Custom Embeddings to Unlock Siloed Knowledge
15:36 - 15:42	Al-Vision Opto-electronics Next-generation Bionic Optoelectronic Devices: Revolutionizing Al Vision with Advanced Optoelectronic Materials for Enhanced Perception
15:42 - 15:48	Stellerus Technology Limited Revolutionizing Intelligent Renewable Energy Prediction and Trading Platform Empowered by Satellite Data and Al
15:48 - 15:54	Generative Audio: Expanding Boundaries of Creation and Interaction Audio Foundation Models: Expanding Boundaries of Creation and Interaction
15:54 - 16:00	HKUST, GREAT Smart Cities Institute, DISCO team Real-time Transportation Software-in-the-loop Management System: Real-time and Predictive Transportation Management Software-in-the-loop Suite Enhancing Urban Mobility
16:00 - 16:06	Edaige Limited Action Recognition-Based Rehabilitation Solution: Guidance for Rehabilitation Exercises Powered by Al
16:06 - 16:12	BREAK
16:12 - 16:18	Hong Kong Space Robotics and Energy Centre Hong Kong Operation Robot - A Multifunctional Lunar Surface and Mobile Charging System for the Chang'E8 Mission: Lunar Robot Adaptable to Extreme Environments and Capable of Wireless Charging
16:18 - 16:24	Raysolve Technology Company Limited High Density Micro-LED Array for Optical Communications: Ultra-high-density Micro-LED Pixel Array for Next Generation Short-reach Optical Communications
16:24 - 16:30	Sustainable SmartTech Ventures (SSV) Revolutionizing Facility Management with AI BIM and Robotics
16:30 - 16:36	Zonic Tech Limited Al-powered Video Footage Retrieval and Editing: Zonic Provide an End-to-end Al-powered Video Editing Assistant that Enables Auto-generating of Rough-cut and Enriching Content
16:36 - 16:42	Vidi Labs Limited Seekr: Vidi Labs is a Hong Kong-based Tech Startup Dedicated to Developing Al-powered Wearable Solutions that Enhance Independence and Mobility for the Visually Impaired

Smart Shin Pads: Cresento is a Football Tech Company Using Al-powered Smart Shin Pads to

Transform Player Performance into Real-time Insights and Intelligent Coaching

TRACK - BIOMEDICAL AND HEALTHCARE (BMH)

② 2/F, SHAW AUDITORIUM

Time	Pitching Session
14:30 - 14:38	Akesolve Home-based monitoring and management of geriatric chronic diseases with a focus on chronic obstructive pulmonary disease (COPD) and cerebrocardiovascular disease
14:38 - 14:46	SmartCare Multi-Modal Large Language Model Empowered Patient-Centred Care, Bringing the Joy of Care Back to Both Provider and Client
14:46 - 14:54	Cognitact Limited PlasmarkAD® Pro Series: Revolutionizing Alzheimer's detection with Al-Driven Blood Biomarkers
14:54 - 15:02	Global Medical Biotech Limited The World's First-in-Class Game Changing Eye-drop for the Treatment of wAMD
15:02 - 15:10	Starna Therapeutics Starna Therapeutics is Focusing on Extrahepatic Target Delivery Technology
15:10 - 15:18	Editact Therapeutics Limited Development of Genome Editing Strategy for Familial Alzheimer's Disease Therapy
15:18 - 15:26	Enkang Pharmaceuticals From Precancerous Lesions to Cancer
15:26 - 15:34	Advent Al-driven Capsids Revolutionizing Targeted Gene Therapy
15:34 - 15:42	Allegrow Biotech Active and Expand Immune Cells as Nature Intended
15:42 - 15:50	One Healing Innovative smart dressings utilizing nanostructures and microcurrents to accelerate wound healing
15:50 - 15:58	NucSEIf Home Based Personalized HPV Test
15:58 - 16:06	DBT Technology Limited It provides Al-powered dental solutions, including clear aligners, implants, crowns, diagnostics, and treatment planning
16:06 - 16:14	GY Health Ltd (HK) Leveraging Advanced Al and Structural Biology to Revolutionize Small Molecule Drug Discovery for ALS/FTD
16:14 - 16:22	FLASH Diagnostics Limited Making Molecular Testing Portable and Universal — Lab-quality Detection of Bacteria, Viruses, and Parasites, with Results in Minutes, Anywhere
16:22 - 16:30	Ooley Care Non-invasive and Drug-free Therapy to Prevent Glaucoma and Moisturize Eyes
16:30 - 16:38	Prof. GUO Yusong A Robust Platform to Screen mRNA/nanobody Drugs Against a Novel Target for Blocking Hedgehog Signaling for Cancer Treatment
16:38 - 16:46	DPBIO DPBIO provides high-throughput microfluidic systems, accelerates and improves drug R&D as well as basic life science research
16:46 - 16:54	Goach Al Limited Combining Al Technology with Medical Knowledge to Create Innovative Healthcare Solutions, Especially for Rehabilitation
16:54 - 17:02	PharmCare A Digital Health Company Dedicated to Advocating Medication Information Equality Through Inclusive AI Solutions in Primary Care

TRACK - MATERIALS, ENERGY AND SUSTAINABILITY (MES)

2/F, SHAW AUDITORIUM

Time	Pitching Session
14:30 - 14:37	Padergy Co., Limited High Activity, Long Life and Low Cost Pt@Pd Core-shell Fuel Cell Catalyst, the Next Generation Technology
14:37 - 14:44	Prof. Yuanyuan ZHOU Perovskite Solar Modules Made in Hong Kong
14:44 - 14:51	PolyEnergy Revolutionizing Energy Storage with Tube-inspired Solid-state Electrolytes
14:51 - 14:58	Eversound Technology Ultrasonic Technology for Non-invasive Evaluation and Assessment of Lithium-ion Battery Health and Quality
14:58 - 15:05	Prof. Jianping GAN Digital Twin of Regional Earth System in the Greater Bay Area (GBA)
15:05 - 15:12	Prof. Jianzhen YU An Online Oxidative Potential Monitoring Instrument for Assessing Particulate Matter (PM) Toxicity
15:12 - 15:19	Auro Innovation Technology Limited Intelligent Irrigation Device Leveraging Soil Condition Monitoring for Automatic and Waterefficient Irrigation
15:19 - 15:26	Argusmo Technology Limited Industry Al agent Provides Real-time Quality Monitoring and Intelligent Process Control for Polymer Processing
15:26 - 15:33	Quano Technologies Limited Quano Technologies Develops, Manufactures, and Sells Next-generation Precision Positioning Devices for the Most Demanding Environments
15:33 - 15:40	Prof. Alicia AN Advanced Membranes for Water & Energy
15:40 - 15:47	Tranquility Acoustronics (HK) Limited Tranquil Home Ecosystem Full Range Products Including Light Weight Wall Panels and Curtains, Quiet Vacuum Cleaner, Hair Dryer, Kitchen Exhaust
15:47 - 15:54	Prof. Zhengtang LUO Two-dimensional Materials for Semiconducting and Healthcare Devices
15:54 - 16:01	Leyden Power International Limited Your Pathfinder in BESS Solutions Providing People Reliable Power with Battery Energy Storage System
16:01 - 16:08	ESGuardian Limited Using Silica Capsule Technology to Advocate a Waste Less and Zero Carbon but Healthy Living Style
16:08 - 16:15	PointFit Technology Limited Skin Patch Sweat Sensor for Non-invasive and Continuous Health Monitoring
16:15 - 16:22	Hyele Limited Time-reversal Diagnostic for the Health Monitoring of Pressurized Pipelines
16:22 - 16:29	Coalot Tech Limited World's Leading Efficiency-enhancing Nanocoating for Photovoltaic Power Generation
16:29 - 16:36	Kingjune Robotic Technology Limited A Dual-robot System that Enables Fast, Safe, and Precise Photovoltaic Installation for Low-rise Facades in Urban and Industrial Environments
