

Bio of Speakers & Company Background:

Mr. Timothy Leung, Executive Director of HKAI Lab:

In the years as the Executive Director of the HKAI Lab, Timothy has supported and coached many startups in the journey to become a successful business, including areas in fundraising, product and business development, and team management. He leveraged his own experience as a startup co-founder and network in the startup ecosystem.

Timothy has accumulated over 20 years of experience in the Information and Internet field. He worked in esteemed companies such as Alibaba, Apple, and PCCW. He is now the Executive Director of the HKAI LAB, which is a not-for-profit initiative fully funded by the Alibaba Hong Kong Entrepreneurs Fund and SenseTime focused on advancing the frontiers of AI with cutting-edge technologies and expertise, and empowering startups to commercialize their new inventions.

Timothy is strong at business strategic planning and implementation. He had managed direct sales teams and channel partners for technology products and internet services, such a background equipped him with comprehensive experience in sales, marketing, product development and senior management. He had many successes in government and private sector partnership development and management.

Timothy's 20+ years' experience in the technology field covering Asia, Europe, and Americas. He directly managed staff and partners in Japan, Korea, India, Malaysia, Singapore, Indonesia, Vietnam, Turkey, USA, UK, Italy, Brazil and Peru.
